

# How to Assemble a AlphaEclipse RoadStar or StreetSmart Sign That Has Multiple Sections

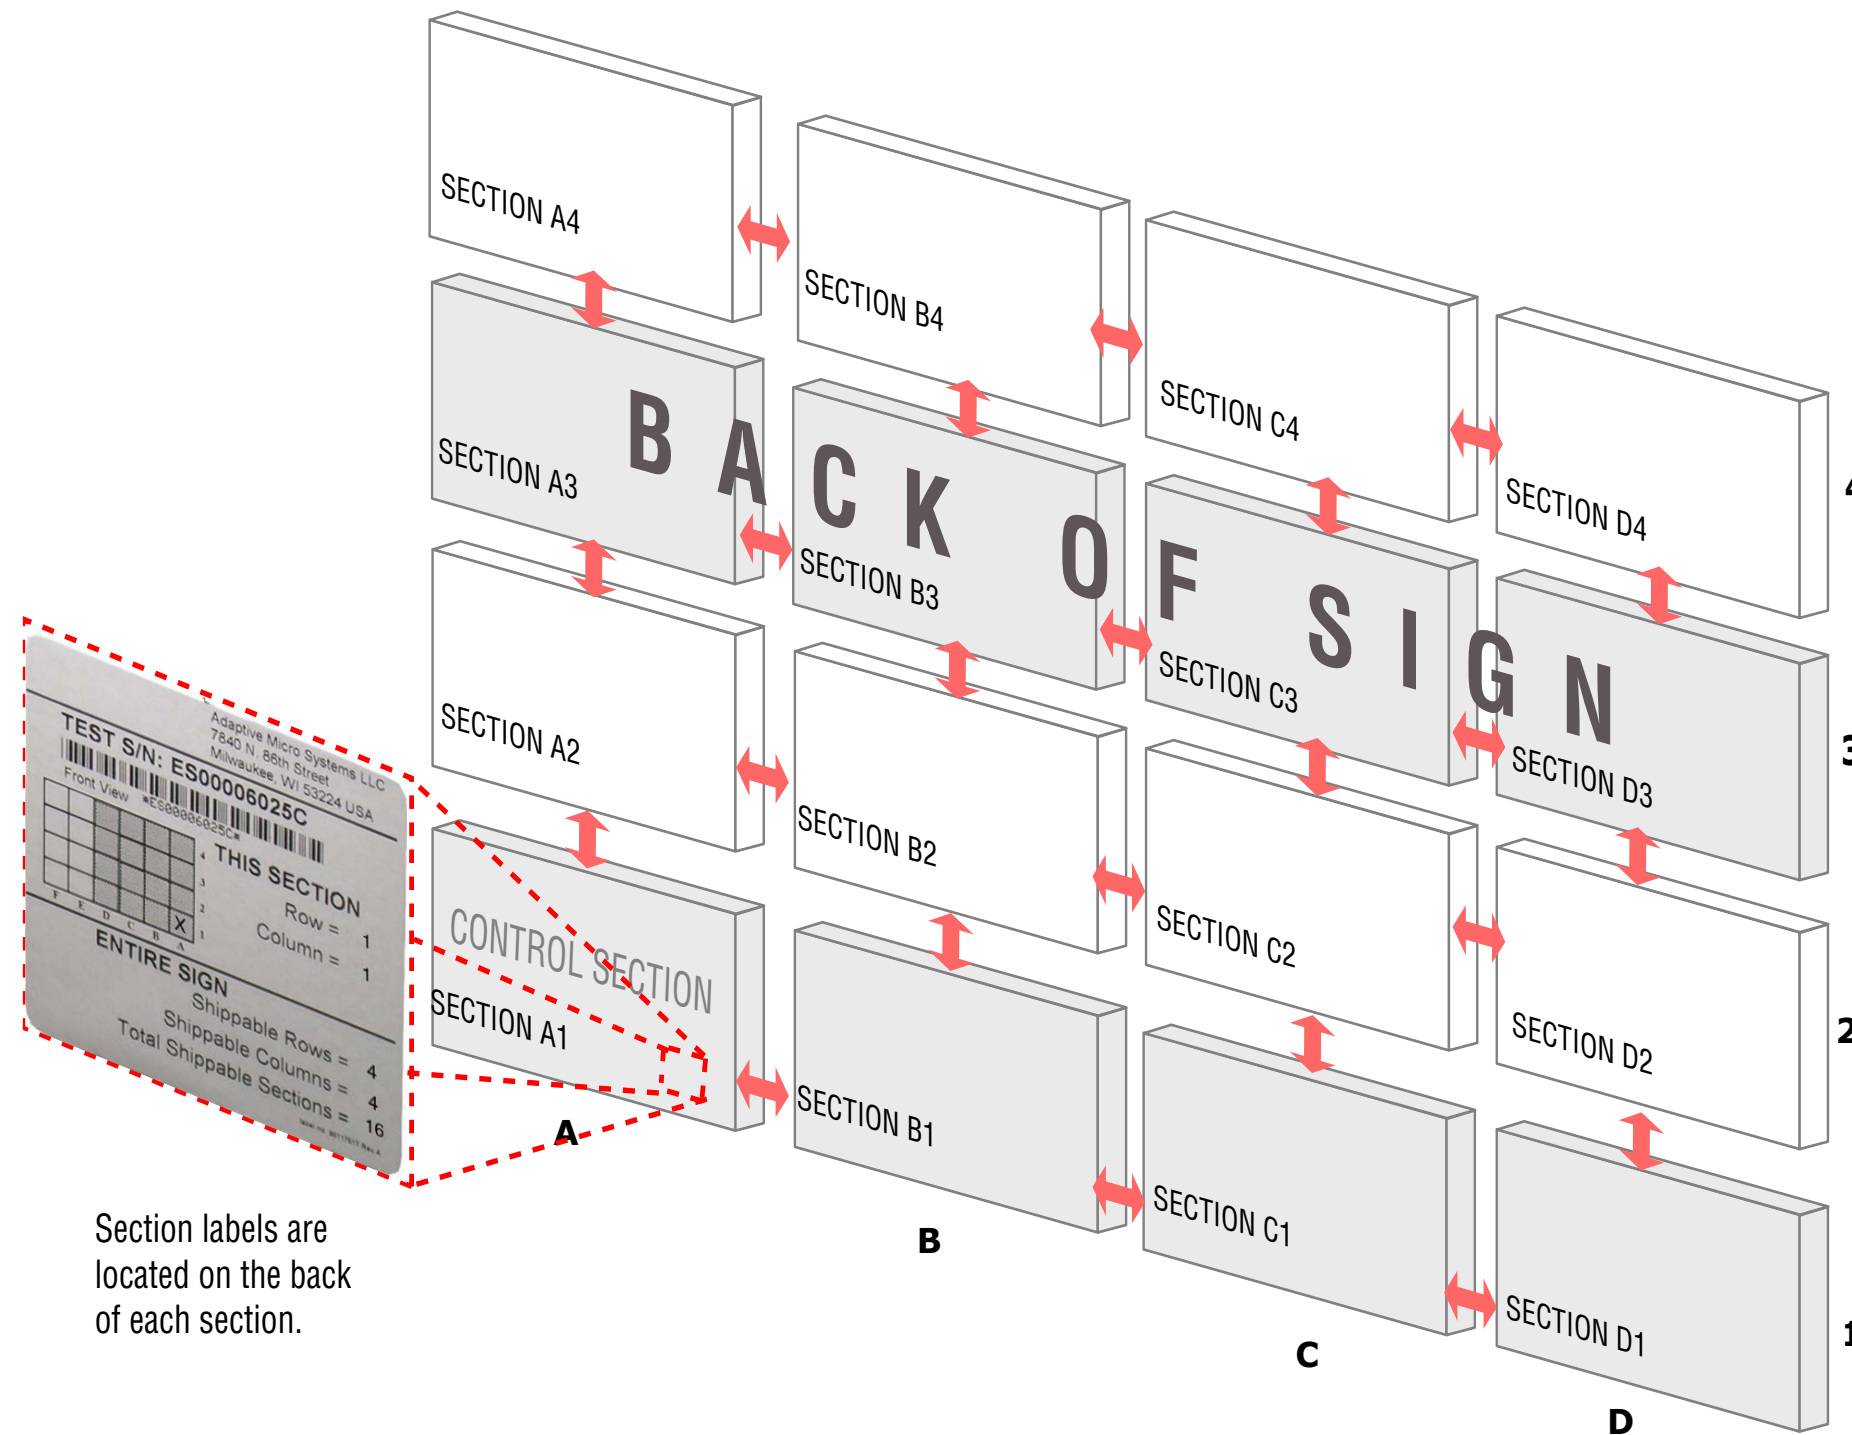

Section labels are located on the back of each section.

- Start assembling the sign with the **Control Section, Section A1**.
- Assemble one row at a time.
- Assemble **Row 1** before stacking second row.
- Your sign may look different than this example.

## BACK VIEW OF SIGN

Section labels are located on the back of each section.

- Start assembling the sign with the **Control Section, Section A1**.
- Assemble one row at a time.
- Assemble **Row 1** before stacking second row.
- Your sign may look different than this example.
